Height: 4 feet

Spread: 4 feet

Sunlight: ○

Hardiness Zone: 5

Other Names: English Rose

Group/Class: Austin Rose

Description:

A stunning English rose that produces large, domed, salmon-pink blooms with a very strong fragrance; needs full sun and well-drained soil; good disease resistance, healthy and reliable; a robust and free flowering rose on a bushy, upright plant

Ornamental Features

Jubilee Celebration Rose features showy fragrant fully double salmon cup-shaped flowers with pink overtones and gold eyes at the ends of the branches from late spring to early fall. The flowers are excellent for cutting. It has forest green deciduous foliage. The oval compound leaves do not develop any appreciable fall color.

Landscape Attributes

Jubilee Celebration Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Disease
- Spiny

Jubilee Celebration Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Planting & Growing

Jubilee Celebration Rose will grow to be about 4 feet tall at maturity, with a spread of 4 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid.
